Regional Milk Production Costs

USDA's Economic Research Service (ERS) has discontinued calculating estimated monthly Cost of Production (COP) for milk effective with data provided on 5/31/02. ERS has recently developed a new approach for computing milk COP estimates using data from the 2000 Agricultural Resource Management Study of dairy farmers. This COP information can be found at www.ers.usda.gov/data/costsandreturns/testpick.htm under the "milk" selection.
